

**SUBMITTING
QUESTIONED DOCUMENTS and KNOWN DOCUMENTS**

WHAT DOCUMENTS DO I SUBMIT AND HOW?

The simple way is to go to any:

OFFICE DEPOT

or

STAPLES

Have the one of your choice do the following:

1. Scan the First set as a PDF. QUESTIONED Documents

These are the documents that you suspect are forged.

SCAN all Questioned Documents at 300dpi (minimum) FULL COLOR (very important) into a PDF Format. Reason for this, is so that when we receive them, they can be expanded up to 800% for comparison reasons.

2. Scan the Second set as PDF. KNOWN Documents

These are the documents that you know are genuine.

Use the Exemplar Sources PDF list to give you an idea for Known Documents.

SCAN all Known Documents at 300 dpi (minimum) FULL COLOR (very important) into a PDF Format. We need this to have something to compare to the Questioned Documents.

Send the TWO PDF Scans on one E-mail if possible. If not, then send the 2nd PDF Scan on a separate E-Mail.

E-Mail to: forgeryfraud@mail.com
